*User's Guide for the Breton Offshore Activities Data System (BOADS) for Air Quality
Final Report*

OCS Study MMS 2000-081

The Minerals Management Service (MMS), Gulf of Mexico OCS Region, announces the availability of a new study report, *User's Guide for the Breton Offshore Activities Data System (BOADS) for Air Quality, Final Report*.

This report describes computer hardware requirements and instructions for installing the revised software for the Breton Offshore Activities Database System (BOADS). The report also provides instructions on how to use this software in the collection of offshore activity data for estimating the pollutant emissions around the Breton National Wilderness Area. The emissions estimates from this study will help assess the air quality impacts upon the Breton National Wilderness Area.

For more information about this study or the Environmental Studies Program in general, contact the Environmental Sciences Section (MS 5430), 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394, telephone (504) 736-2752.

You can obtain copies of the report from the Minerals Management Service, Gulf of Mexico OCS Region, at a charge of \$10.00 by referencing OCS Study MMS 2000-081. The text is also available at the Region website, <http://www.gomr.mms.gov/homepg/whatsnew/publicat/gomr/gomrcat.html>. You will be able to obtain this report also from the National Technical Information Service in the near future. Here are the addresses. You may also inspect copies at selected Federal Depository Libraries.

MMS is the federal agency in the U.S. Department of the Interior that manages the nation's oil, natural gas and other mineral resources on the outer continental shelf in federal offshore waters. The agency also collects, accounts for and disburses mineral revenues from federal and Indian leases. These collections totaled nearly \$8 billion last year and more than \$110 billion since the agency was created in 1982. Annually, nearly \$1 billion from those revenues go into the Land and Water Conservation Fund for the acquisition and development of state and federal park and recreation lands.
