

Bureau of Ocean Energy Management, Regulation and Enforcement

Commercial Leasing for Wind Power on the Outer Continental Shelf (OCS) Offshore New Jersey – Call for Information and Nominations Docket No. BOEM-2011-0005

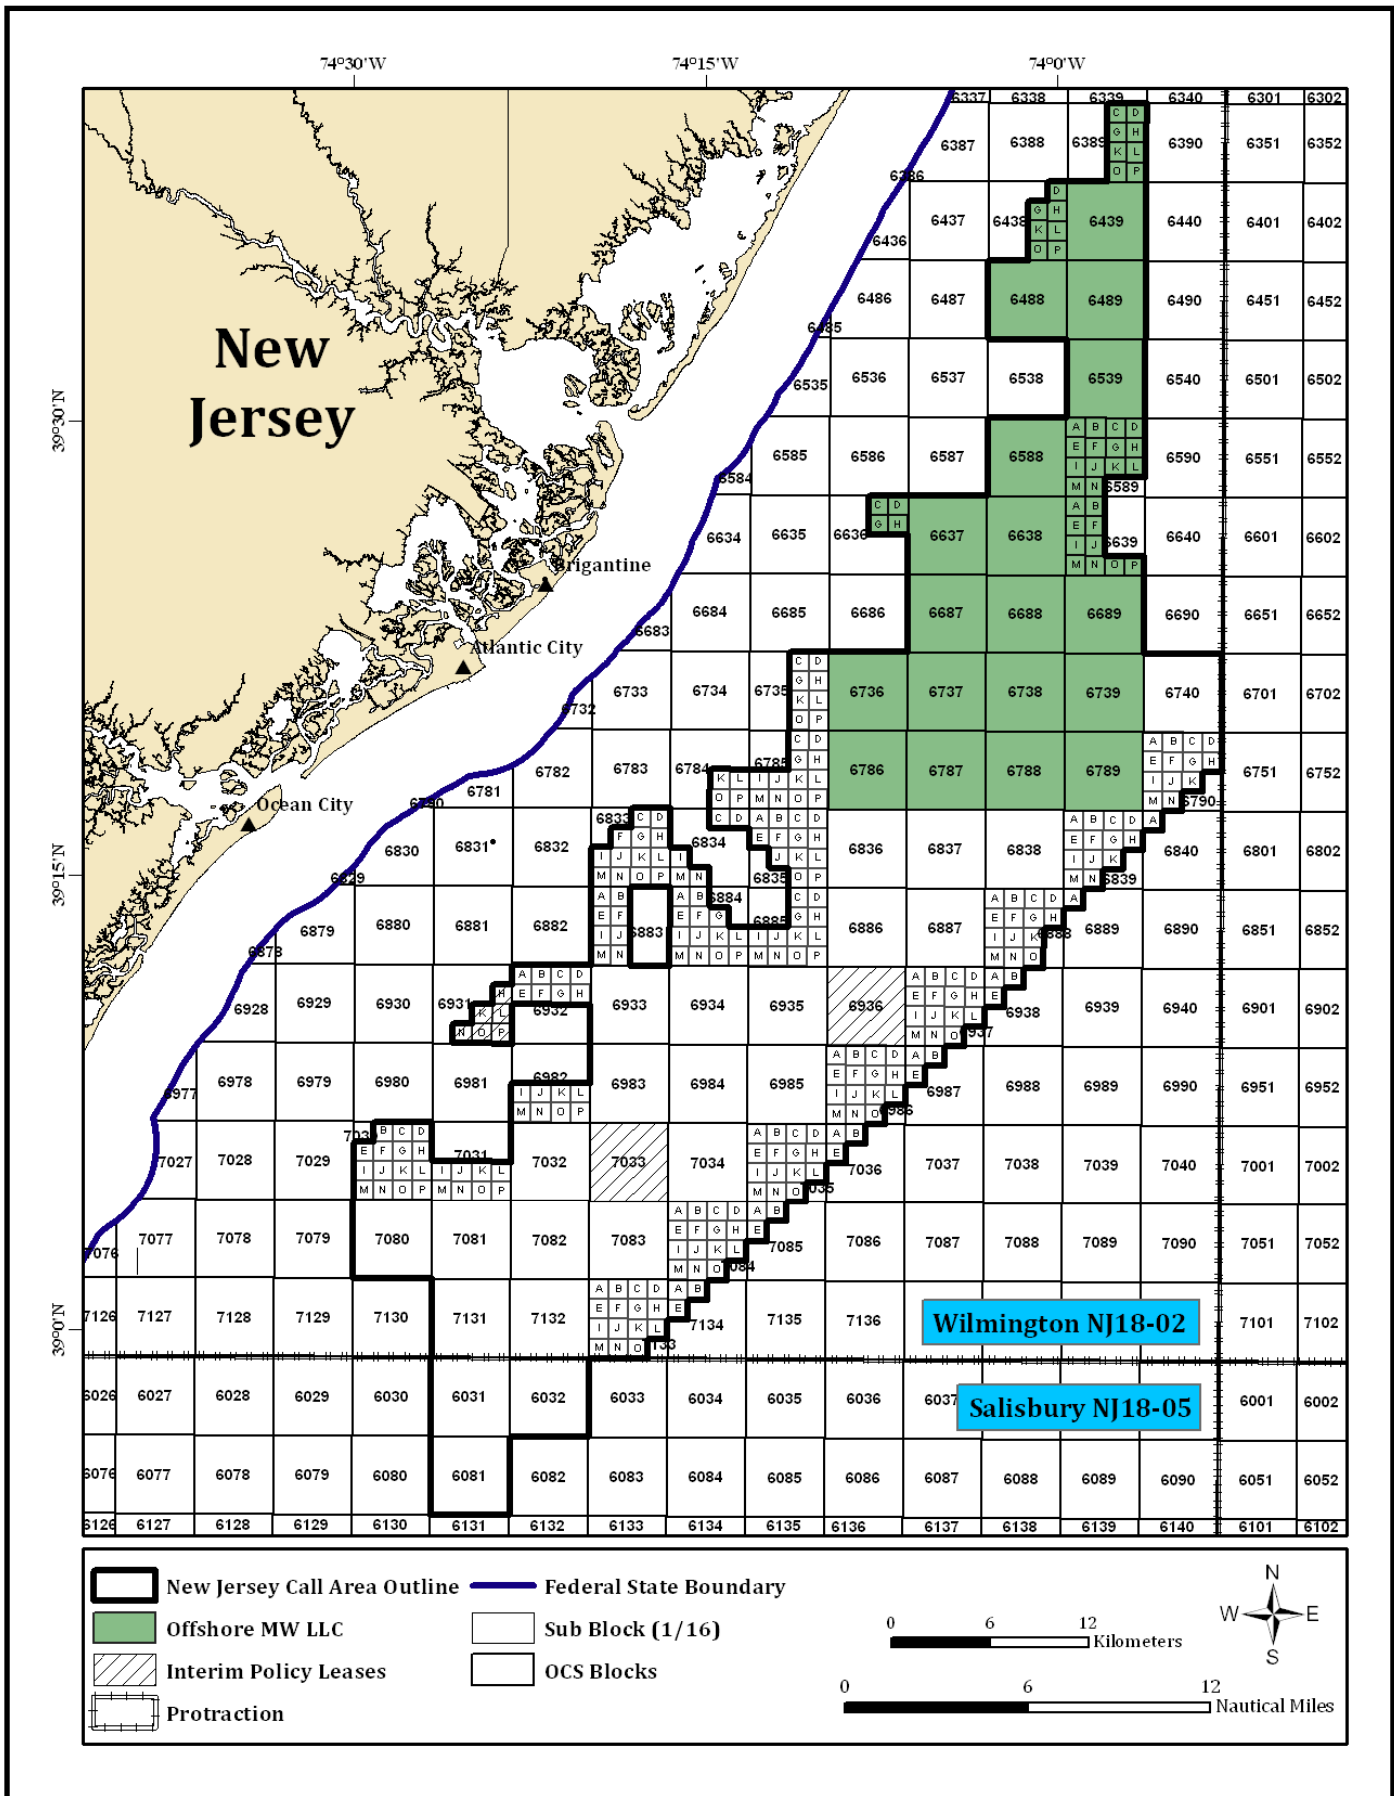

In response to Bureau of Ocean Energy Management, Regulation and Enforcement (BOEMRE) *Commercial Leasing for Wind Power on the Outer Continental Shelf (OCS) Offshore New Jersey—Call for Information and Nominations (Call)* [Docket No. BOEM–2011–0005], published on April 21, 2011, BOEMRE received eleven indications of interest wishing to obtain a commercial lease for a wind energy project. The parties and the OCS blocks nominated for development are provided below. BOEMRE has initiated a review of these parties’ submissions to assess filing completeness; evaluate legal, technical, and financial qualifications to hold an OCS renewable energy commercial lease; and, determine competitive interest.

Please note that Salisbury NJ 18-05 and Wilmington NJ 18-02 are an Official Protraction Diagram (OPD), rather than a reference to specific onshore locations. The OPDs are numbered using the United Nations International Map of the World Numbering System. OPD names usually coincide with standard topographic sheet names when diagrams include land areas. An OPD identifies where on the OCS a specific location exists, in this case, the geographic area of the New Jersey Call for Information and Nominations and its responses.
