## Memorandum

To: Joan R. Barminski  
Regional Supervisor, Office of Strategic Resources  
Bureau of Ocean Energy Management

From: Nabil F. Masri   
Regional Supervisor, Office of Field Operations  
Bureau of Safety and Environmental Enforcement

Subject: Development and Production Plan Revision, ExxonMobil Offshore Power System, Reliability-B Project, Phase 2, Santa Ynez Unit

By memorandum received on July 11, 2014, the Bureau of Ocean Energy Management requested the Bureau of Safety and Environmental Enforcement (BSEE) to conduct a technical assessment of ExxonMobil's proposed revision to its Santa Ynez Unit Development and Production Plan (DPP). The DPP revision describes activities associated with the Offshore Power System Reliability-B project, Phase 2.

The BSEE's technical assessment of ExxonMobil's proposed DPP revision determined that the technical aspects of the plan are based on sound engineering principles.

Thank you for the opportunity to review this proposed DPP revision. If you have any questions, you can contact me at (805) 389-7581 or Ms. Theresa Bell at (805) 389-7554.

cc: Mr. Jaron Ming, RD, BSEE, POCSR  
Ms. Ellen Aronson, RD, BOEM, POCSR  
Mr. Kenneth Seeley, REO, BSEE, POCSR  
Ms. Lisa Gentry, BOEM, POCSR
