The Minerals Management Service is exploring potential new authority to ensure open and non-discriminatory access to oil and gas pipelines by holding a public meeting to coincide with the national awards ceremony. The public meeting will take place April 27, 2004 at 9:00 a.m. at the Hotel Intercontinental 2222 West Loop South in Houston, Texas.

For more information on the awards program go to www.mms.gov/awards.

MMS manages the nation's oil, natural gas, and other mineral resources on the Outer Continental Shelf in federal offshore waters. MMS also collects, accounts for, and disburses mineral revenues from federal and American Indian lands. Between 1982 and 2003, MMS distributed more than \$135 billion in revenues from onshore and offshore lands, an average of more than \$6 billion per year, to the Nation, States and American Indians. Nearly \$1 billion from those revenues go into the Land and Water Conservation Fund annually for the development of State and federal park and recreation lands.
