Bureau of Ocean Energy Management

Commercial Leasing for Wind Power on the Outer Continental Shelf (OCS) Offshore South Carolina – Call for Information and Nominations Docket No. BOEM-2015-0134.

In response to Bureau of Ocean Energy Management (BOEM) *Commercial Leasing for Wind Power on the Outer Continental Shelf (OCS) Offshore South Carolina—Call for Information and Nominations (Call)* [Docket No. BOEM–2015–0134], published on November 25, 2015, BOEM received 2 nominations for a commercial lease in support of a wind energy project. The parties and the OCS blocks nominated for development are provided below. BOEM has initiated a review of these parties’ submissions to assess filing completeness; evaluate legal, technical, and financial qualifications to hold an OCS renewable energy commercial lease; and determine competitive interest within the areas nominated.

Please note that Georgetown NI17-09 and James Island NI17-12 are Official Protraction Diagrams (OPD), rather than a reference to specific onshore locations. The OPDs are numbered using the United Nations International Map of the World Numbering System. OPD names usually coincide with standard topographic sheet names when diagrams include land areas. An OPD identifies where on the OCS a specific location exists, in this case, the geographic area of the South Carolina Call for Information and Nominations and its responses.

South Carolina Call Areas and Number of Nominations

Fishermans Energy, LLC Nomination - Grand Strand Call Area
