

The boundaries of the regular blocks are 4,800 international meters on a side and contain 2,304 hectares. The regular boundaries are defined in terms of X and Y coordinates of the Universal Transverse Mercator Grid System based on the Geodetic Reference System (GRS) 1980 Ellipsoid.

Copies of these diagrams and other information may be obtained at the appropriate MMS OCS Region.

Areas and dimensions of the irregular blocks along the zone boundary are as indicated.
