

Attachment E – OSRA Oil Spill Trajectories

	<u>Page</u>
OSRA Conditional Probabilities for Platform Harvest	E-1
OSRA Conditional Probabilities for Platform Hermosa	E-2
OSRA Conditional Probabilities for Platform Hidalgo	E-3
OSRA Conditional Probabilities for Point Arguello Offshore Pipeline	E-4

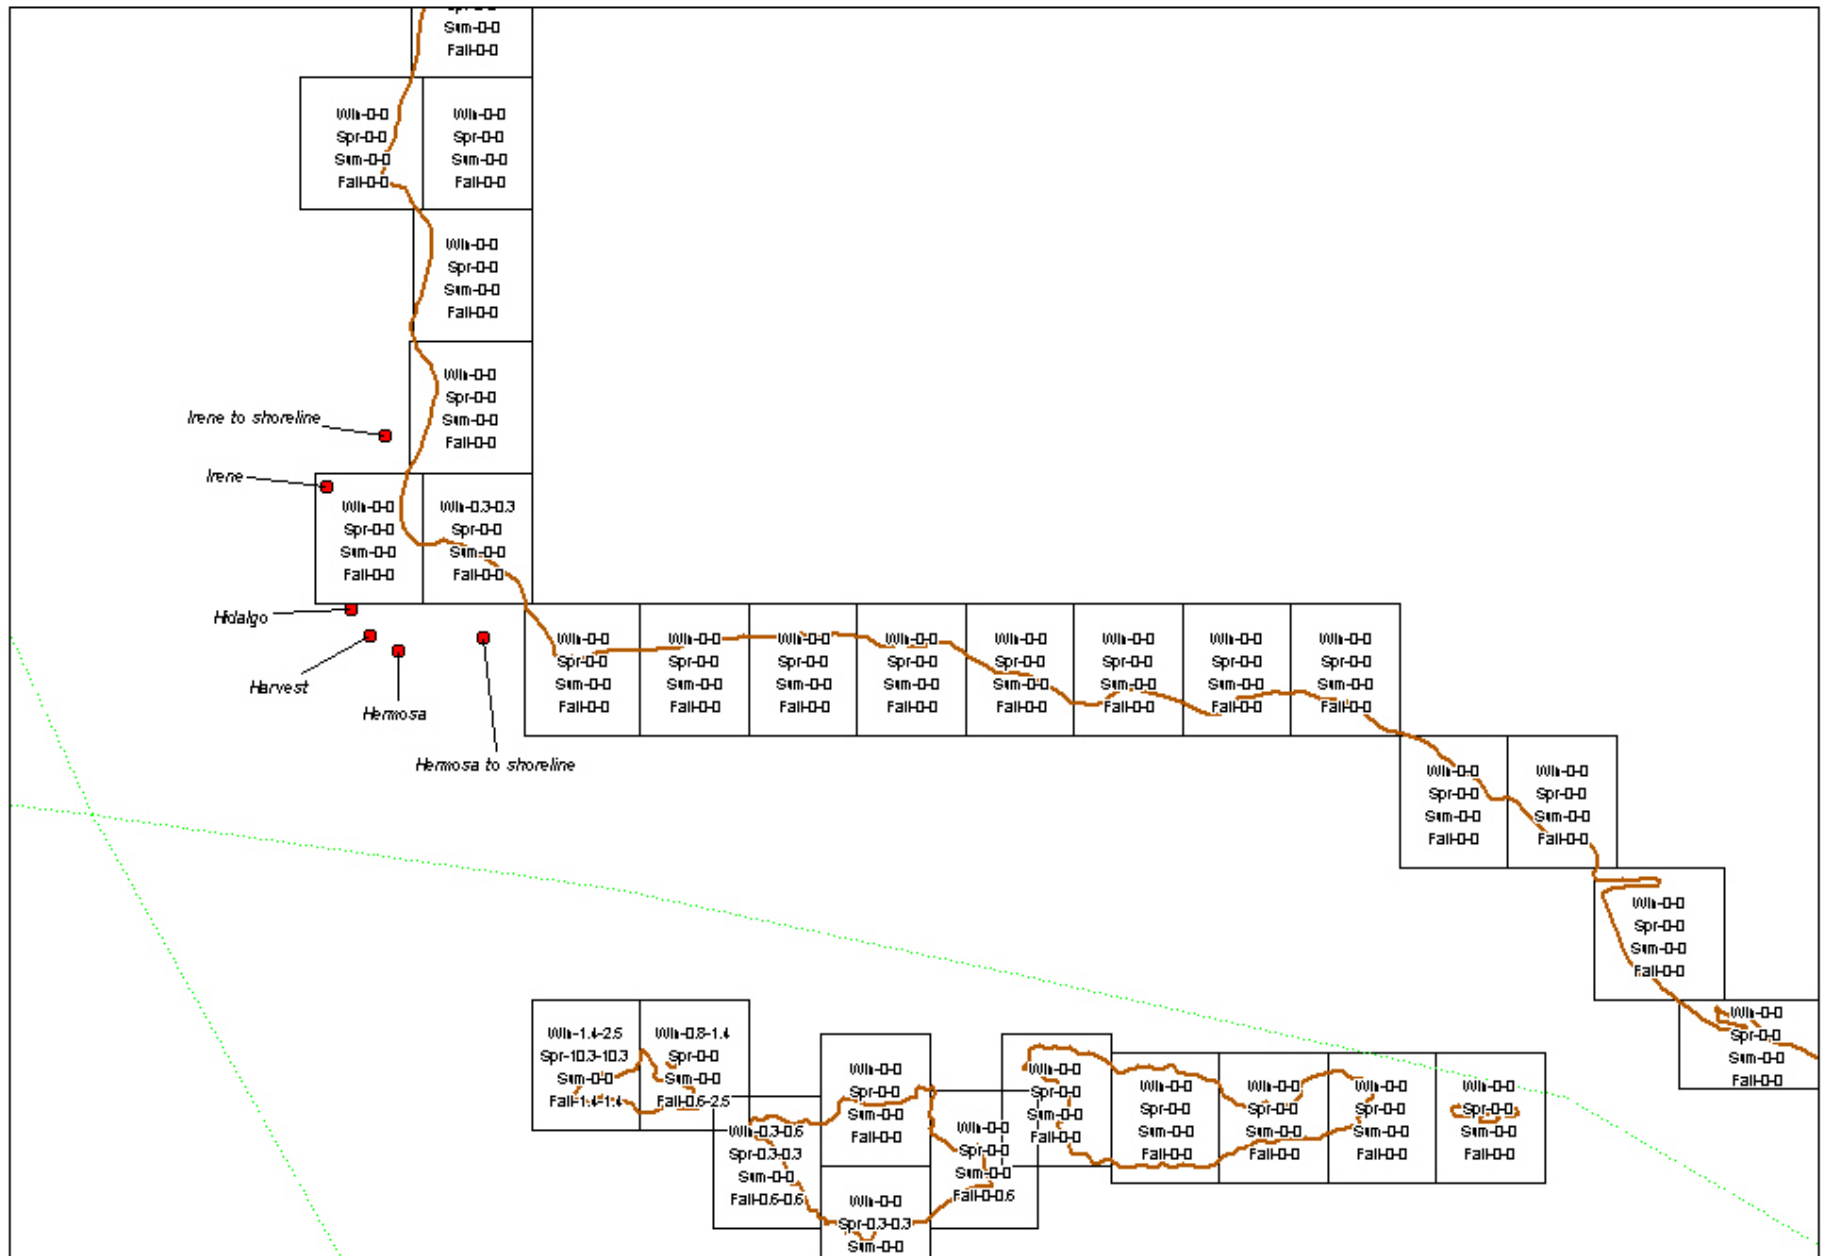

MMS OSRA Conditional Probabilities: Harvest

Text values in each box indicate conditional probabilities for the following sources:
 Winter, Spring, Summer and Fall (as labeled) followed by the 10-day and 30-day levels

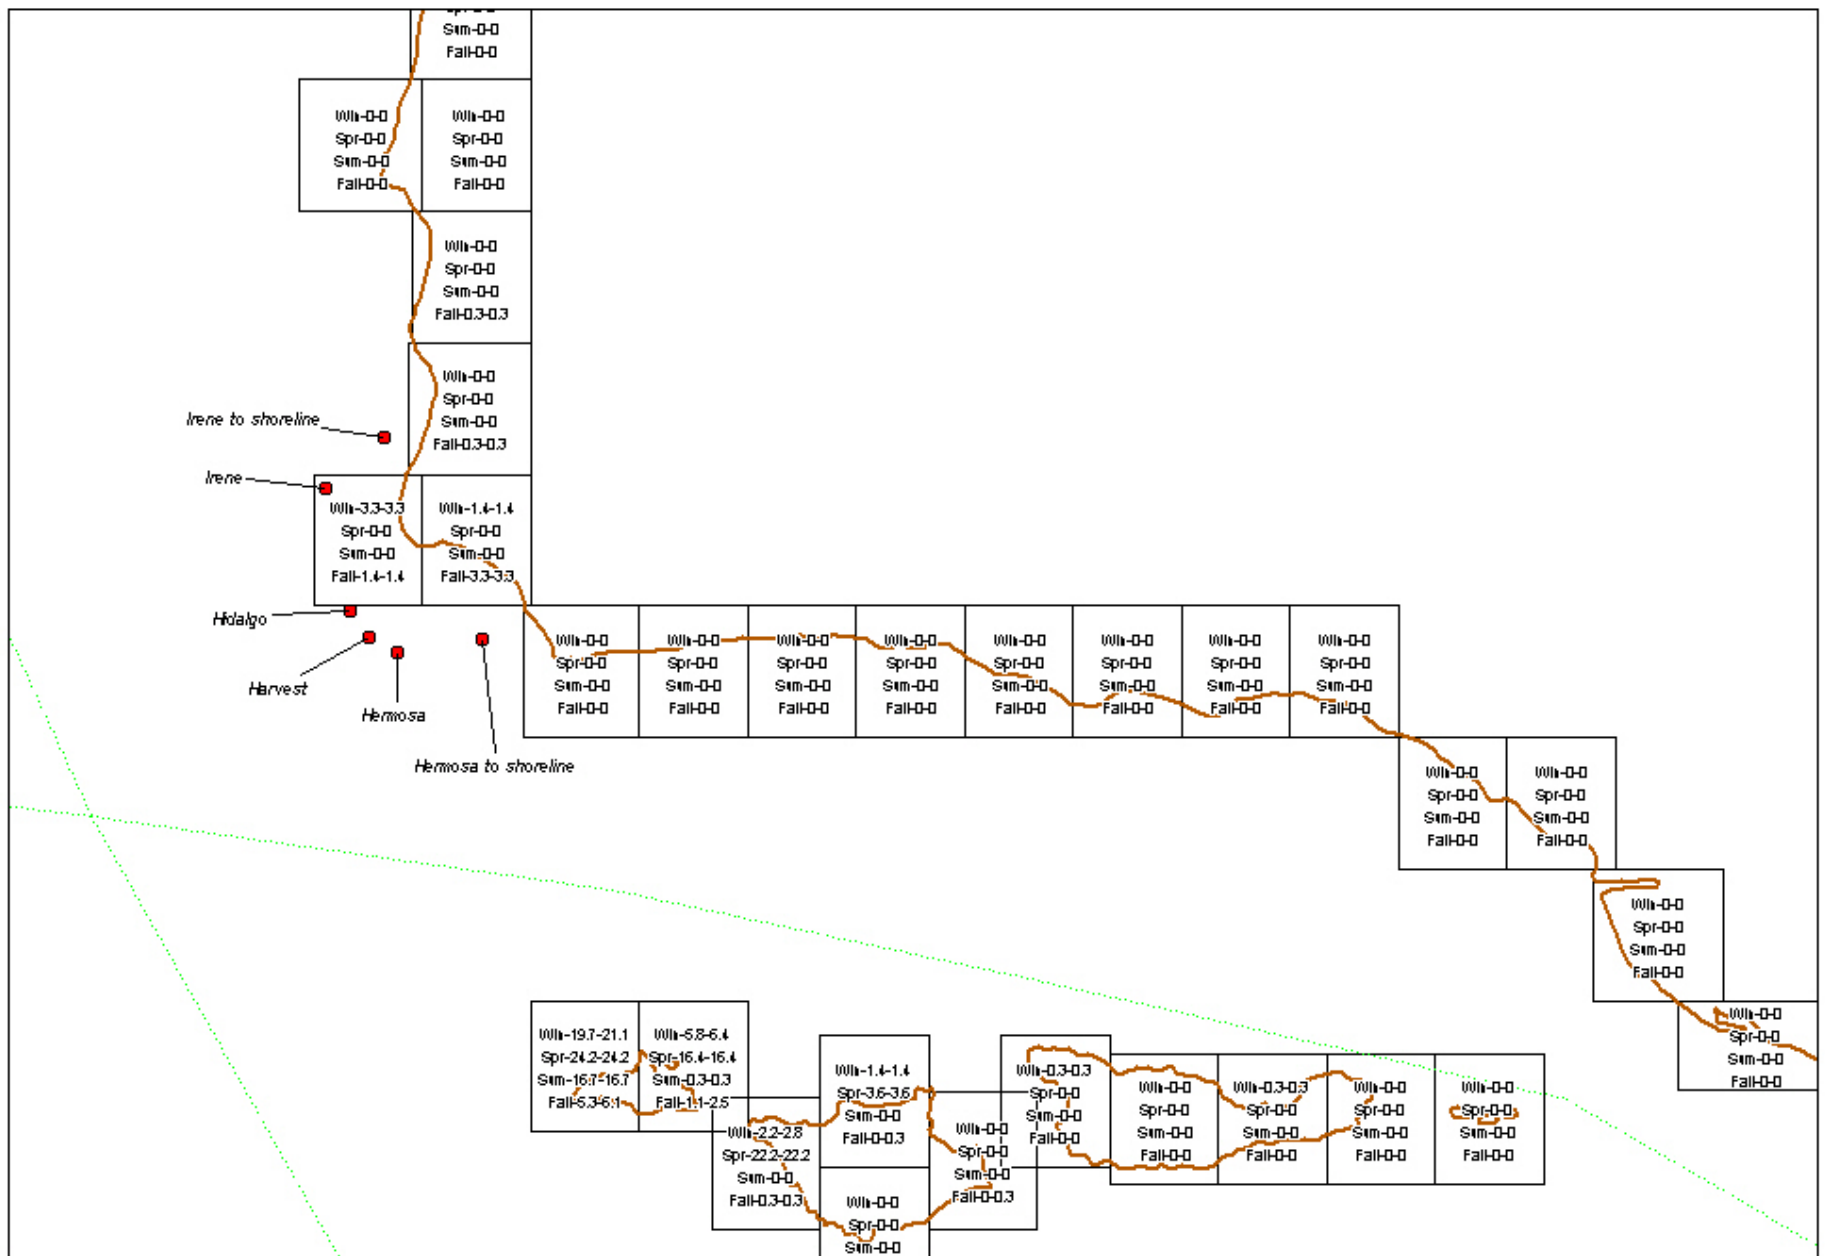

MMS OSRA Conditional Probabilities: Hermosa

Text values in each box indicate conditional probabilities for the following sources:
 Winter, Spring, Summer and Fall (as labeled) followed by the 10-day and 30-day levels

MMS OSRA Conditional Probabilities: Hidalgo

Text values in each box indicate conditional probabilities for the following sources:
 Winter, Spring, Summer and Fall (as labeled) followed by the 10-day and 30-day levels

MMS OSRA Conditional Probabilities: Point Arguello Pipeline

Text values in each box indicate conditional probabilities for the following sources:
 Winter, Spring, Summer and Fall (as labeled) followed by the 10-day and 30-day levels
