RE: Revision of Interest
Northstar Unit

Gentlemen:

In accordance with Article 2.7 of the Unit Agreement, we hereby furnish a revised Exhibit F that describes the allocation of Unit Expense to each Unit Tract in the Unit Area.

This revision is necessitated by the recent approval of assignment of two (2) State of Alaska leases (ADL-312808, 312809) from Enterprise Oil Ex Co Inc to Amerada Hess Corporation. As a result of said assignments Enterprise relinquished all of its interest in the Northstar Unit.

Please adjust your records and files accordingly and advise if you require any additional information.

Sincerely,

AMERADA HESS CORPORATION

Robert F. Perry
