

CVOW-C Offshore Wind Farm

# National Historic Preservation Act Section 106

## What is Section 106 of the National Historic Preservation Act?

It is a regulation that requires Federal agencies to consider effects of undertakings on historic properties.

### What will it do?

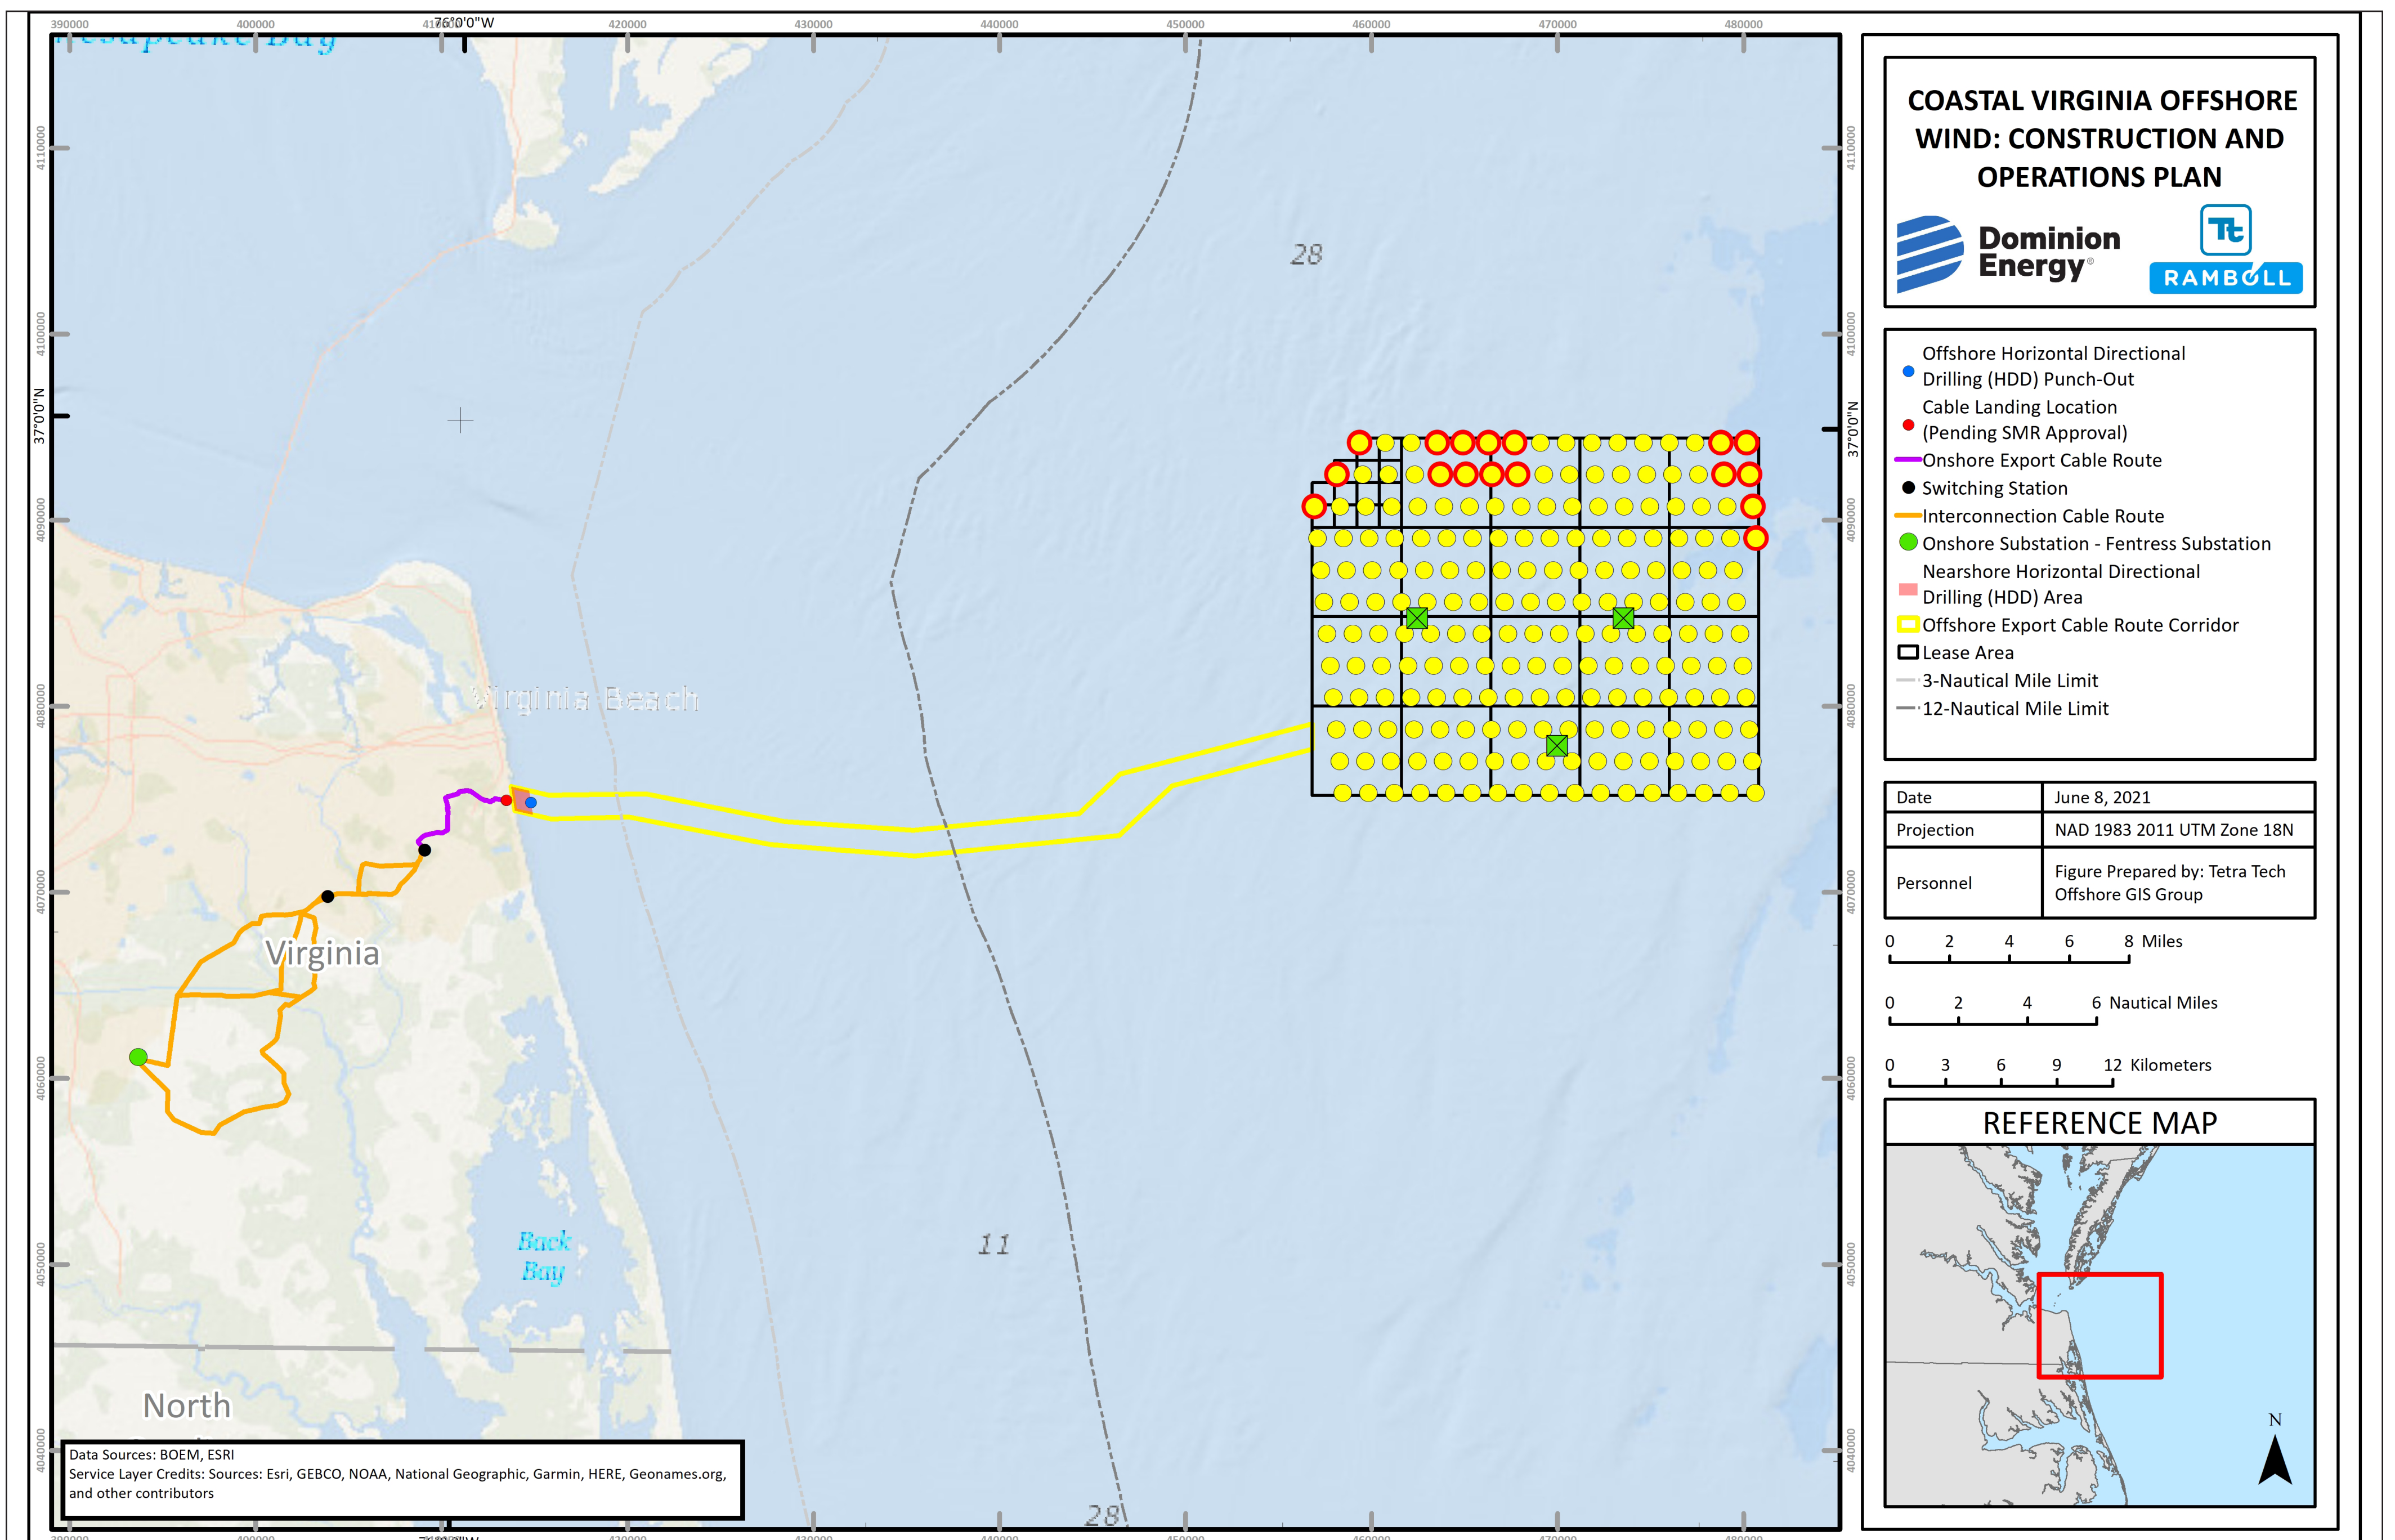

- Establish Area of Potential Effect (APE).
- Identify National Register historic properties.
- Assess project effects on historic properties.
- Resolve adverse effects (avoid, minimize, or mitigate).

### What are the National Register Criteria?

- Associated with significant historical events.
- Associated with the lives of persons significant in our past.
- Embody distinctive style, period, method of construction, or represent work of a master or possess high artistic values, or represent a district with components that may lack individual distinction.
- Properties that have yielded or may be likely to yield, information important in history or prehistory.
