

## Maryland Offshore Wind Project

# We Want to Hear From You: How to Comment

BOEM has prepared a Draft Environmental Impact Statement (DEIS) for the Maryland Offshore Wind Project and is asking all stakeholders to submit comments on the information in the DEIS. Providing your local expertise and perspective will help produce a more complete environmental analysis of the proposed Project, resulting in a more informed decision by BOEM.

## What is BOEM looking for comments on?

- Accuracy of information in the DEIS
- Adequacy of, methodology for, or assumptions used in the the environmental analysis
- New information relevant to the analysis or that would change the conclusions
- New alternatives that meet the purpose and need statement, are feasible, and are substantially different than the alternatives already considered in the DEIS
- Where clarification is needed

## How can I submit my comments?

**During the public meetings** through recorded oral testimony and comment cards

**During the virtual public meetings** through testimony followed by the Q&A session

**In writing to:**

**Maryland Offshore Wind DEIS  
Chief  
Office of Renewable Energy Programs  
Bureau of Ocean Energy Management  
45600 Woodland Road  
Sterling, Virginia 20166**

**Online at Regulations.gov** using docket number BOEM-2023-0050

In the box titled "Search for dockets and documents on agency actions," enter BOEM-2023-0050, and click "search." View supporting and related materials available for this notice, then click the "Comment" button on the right side of the screen.

## When are comments due?

Comments must be received or postmarked no later than  
**November 20, 2023**

## What will BOEM do with the comments it receives?

When the public comment period is finished, BOEM will analyze comments, conduct further analysis as necessary, and prepare the Final Environmental Impact Statement (FEIS).

In the FEIS, BOEM must respond to the substantive comments received from other government agencies and the public.

The response can be in the form of changes in the FEIS, factual corrections, modifications to the analyses or the alternatives, new alternatives considered, or an explanation of why a comment does not require BOEM's response.

A copy or a summary of substantive comments and the responses to them will be included in the FEIS.
