

## BOEM'S Offshore Wind and Maritime Industry Knowledge Exchange

### Knowledge Exchange Objectives

- Share updates on offshore wind and maritime activities that occurred since BOEM's 2018 Offshore Wind and Maritime Industry Knowledge Exchange
- Share how past recommendations and approaches were incorporated in offshore wind and maritime transportation co-existence
- Discuss measure to minimize risk to safety and disruptions to maritime transportation operations while supporting the development of domestic renewable energy

### Session 2 Agenda: July 22, 2021, 12:30 – 3:00 pm EST

*Subject to change upon speaker confirmation\**
