

GULF OF MEXICO CALL AREA

Alternatives

Alternative A

No Action

Under Alternative A, no OCS wind energy leases would be issued, and site assessment activities would not occur in the GOM Call Area

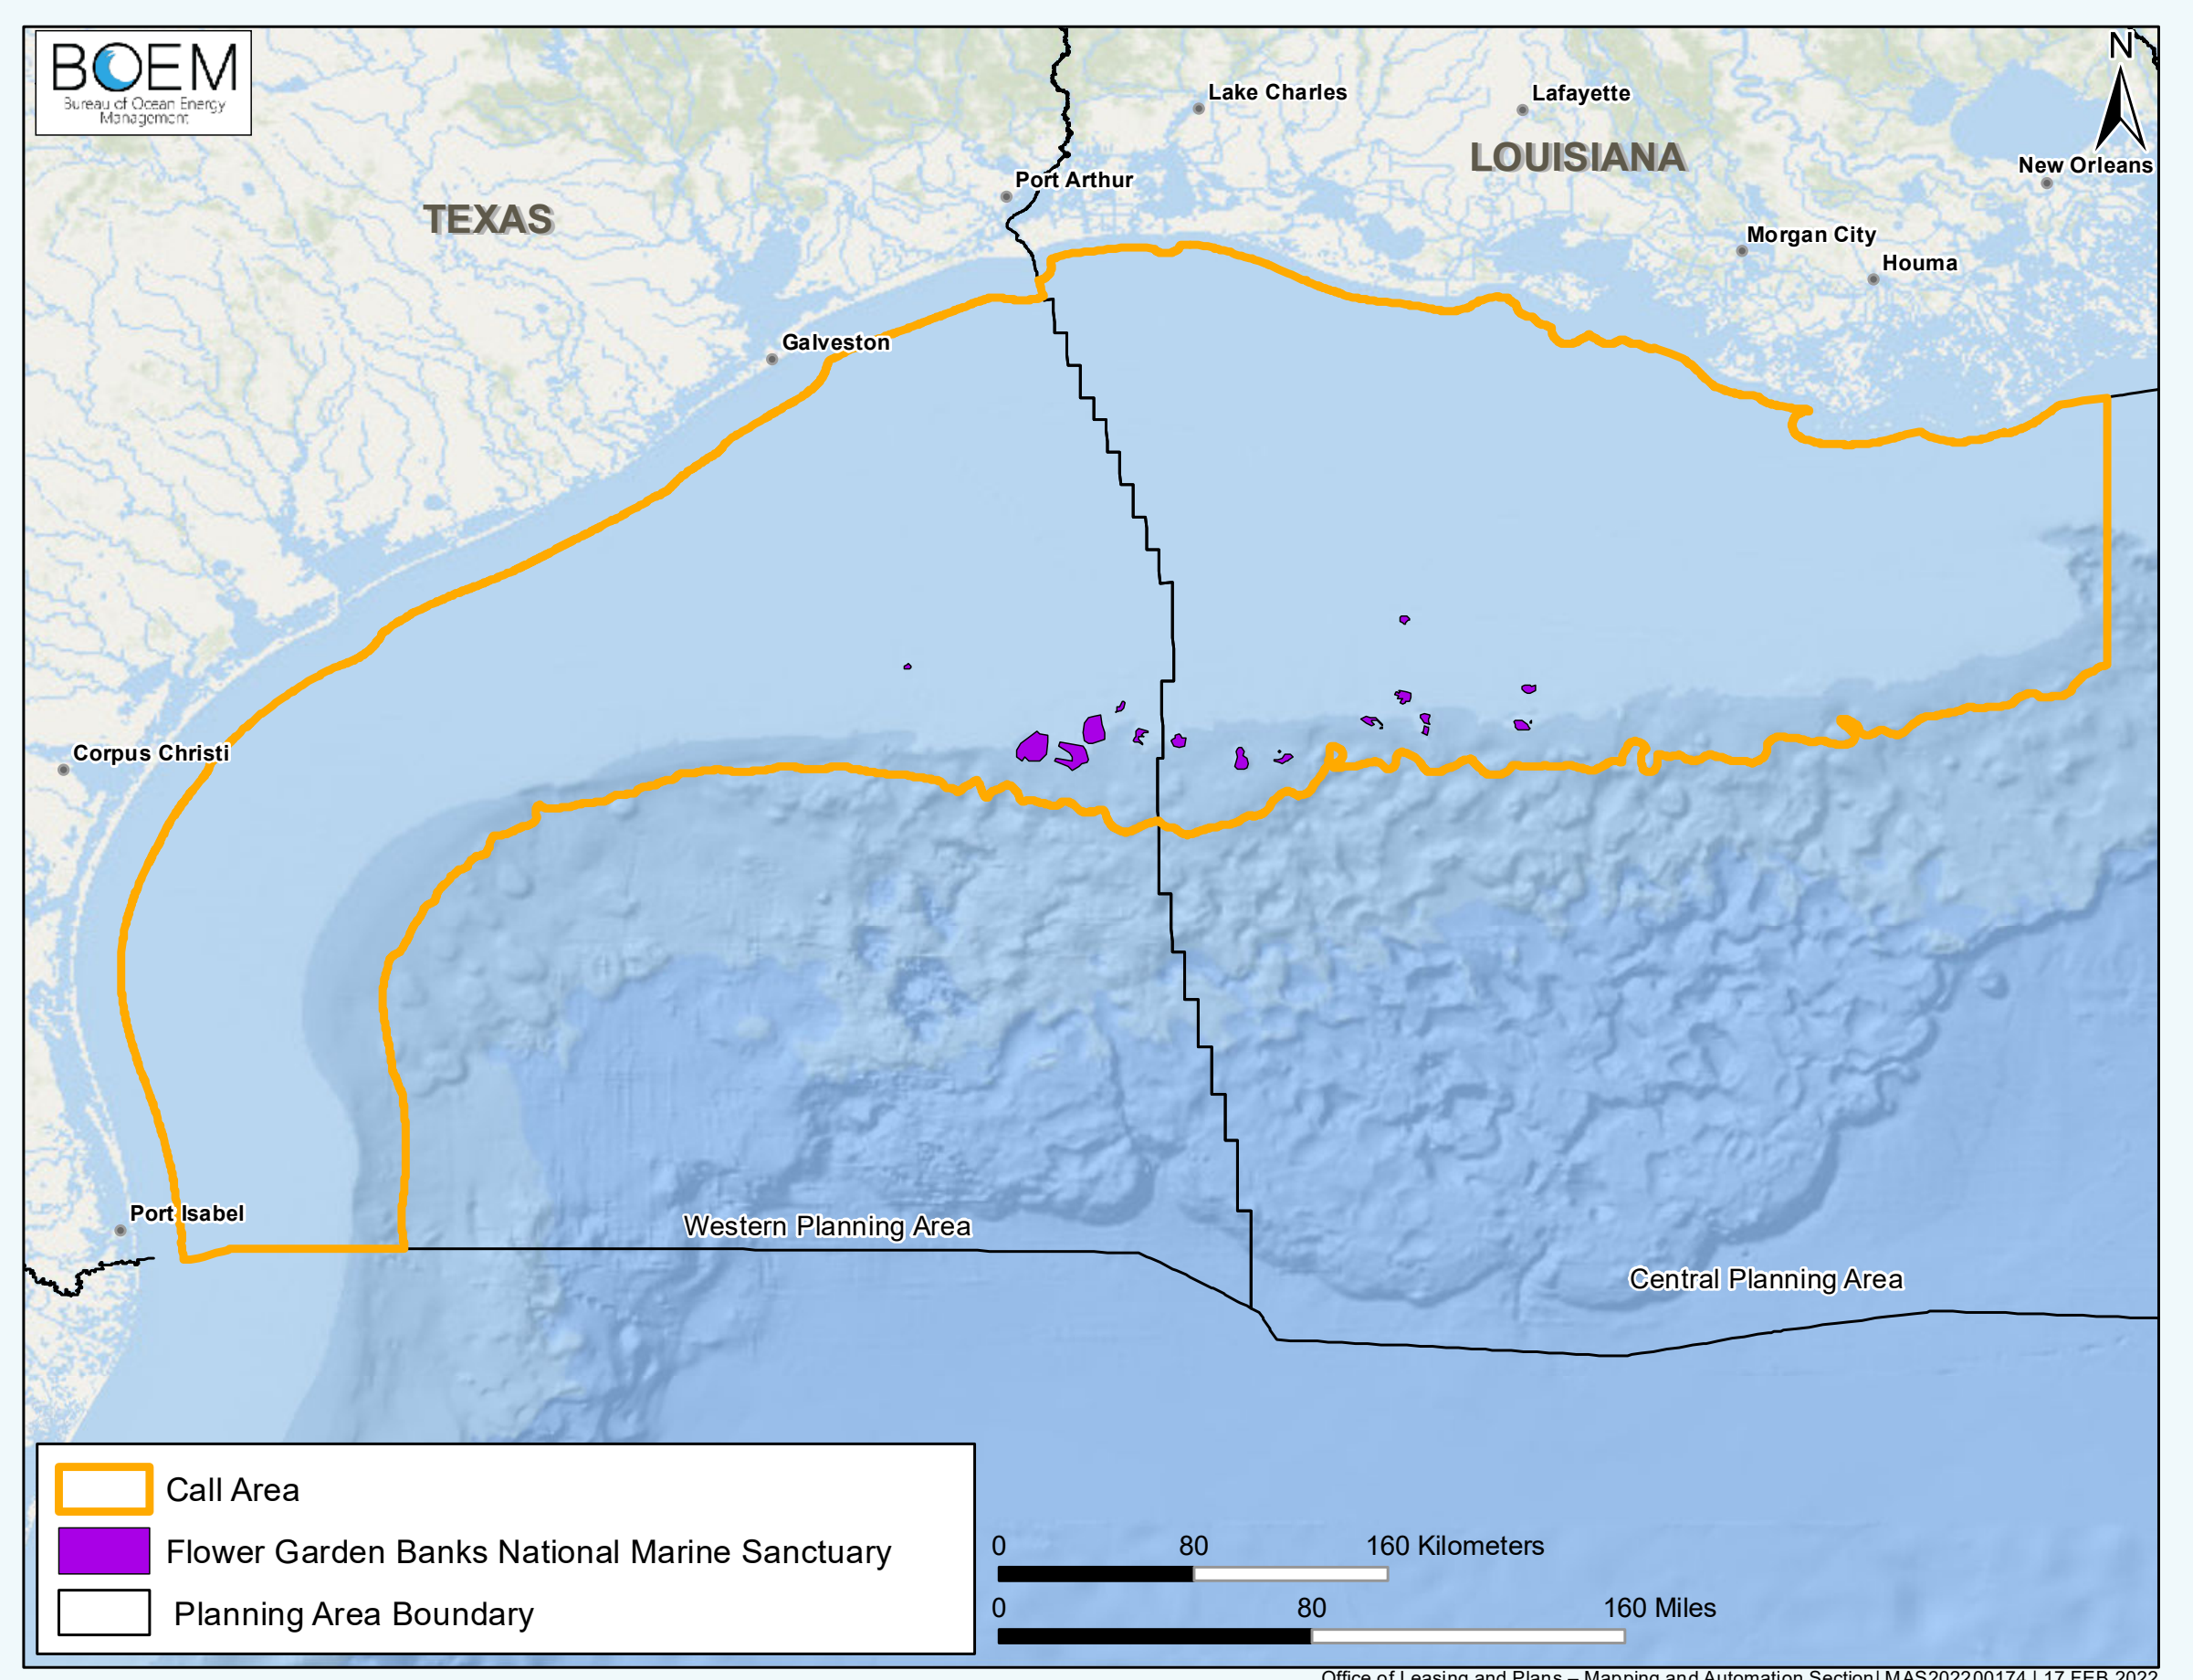

- Other ongoing and future planned activities in the Gulf of Mexico would still occur

Alternative B

OCS Wind Energy Lease Issuance in the GOM Call Area

Alternative B would allow for OCS wind energy lease issuance within the GOM Call Area

- All available OCS blocks within the GOM Call Area may be offered for lease with the exception of whole and partial blocks located within the Flower Garden Banks National Marine Sanctuary

Alternative C

OCS Wind Energy Lease Issuance in the GOM Call Area Excluding the Topographic Features Stipulation Blocks

Alternative C would allow for OCS wind energy lease issuance within the GOM Call Area, with the following exceptions:

- Whole and partial blocks located within the Flower Garden Banks National Marine Sanctuary; and
- Whole and partial Topographic Features Stipulation blocks
