Section I (General)

- Enter the **OCS Lease Sale Number** – a new “Bidder's Financial Form” will be required for each sale
 - **Name of Company Submitting Bid** should be the same name as listed on the qualification package with BOEM
 - **BOEM Company Number** – the qualification number issued by BOEM
 - **Tax Identification Number** – your company's TIN #

This user will be registered with pay.gov to give them access to place a bid deposit in a renewable energy lease sale. This **Phone Number** and **E-mail Address** will be used to contact the individual when they are established in pay.gov and to give additional instructions on how to setup a pay.gov account. *This is a private form on pay.gov and only individuals who have been properly set up and linked to a company can access this page and submit a bid deposit on behalf of a company.* If you already have a pay.gov account active under the email address provided, BOEM will link that address to your pay.gov account shortly after receiving and processing this form.

Section II (Principal Point of Contact)

BOEM will send Bidder Authentication materials separately for security reasons. BOEM will send one package to the Principal Point of Contact, and the other will be sent directly to each authorized user at the email addresses provided in Section V. The auction system will require software tokens for two-factor authentication. To set up the tokens, authorized individuals will need to download an app onto their smartphone or tablet with a recent operating system. One of the emails sent to authorized individuals will contain instructions for installing the app and the credentials needed to activate the software token. A short telephone conversation with the auction contractor may also be needed to use the credentials. The login information, along with the tokens, will be tested during the mock auction, and during an optional connectivity test prior to the mock auction. If an eligible bidder fails to submit a bid deposit or does not participate in the auction, BOEM will de-activate that bidder's tokens and login information.

If you need to verify this information, you may contact the BOEM Gulf of Mexico Regional Office at renewableenergygomr@boem.gov. Packages to be sent will include: Bid Packages containing software bidding tokens, information on the auction system, and Lease Forms to be executed.

Section III (EFT Payments)

- **Nine-digit American Bankers Association Routing Number** is the RTN number
- **Recipient Account Number at Receiving Financial Organization** is the DAN number

NOTE: Be sure you provide ACH information and not Fedwire. If you are unclear on what this information is, you may verify this information with your bank. Refunds will not be issued through Pay.gov.
