

Appendix D – Ocean Wind Offshore Wind Farm (OCW01) Marine Site Investigation Report

The updated Marine Site Investigation Report will be provided in the Supplemental COP per the departure schedule.

Since the initial preparation of this Marine Site Investigation Report, amendments have been made to the Project, which have not been reflected in the report:

- Lease OCS-A 0498 has subsequently been split into two parts, with the southern portion of former OCS-A 0498 lease now designated Lease OCS-A 0532.
- The Project is no longer proceeding with the Higbee/Ontario interconnection scenario in Atlantic City, as noted in Volume I.

These changes do not affect the validity of the Marine Site Investigation Report.
