

RESPONSE TO REQUEST FOR INFORMATION AND NOMINATIONS

RE: REQUEST FOR INFORMATION AND NOMINATIONS – COMMERCIAL LEASING FOR WIND
POWER DEVELOPMENT ON THE OUTER CONTINENTAL SHELF OFFSHORE OREGON

DOCKET NO. BOEM-2022-0009
Submitted by OW North America LLC

1. Introduction

OW North America LLC¹ (herein referred as "OW NA" or "OW" interchangeably) is pleased to submit this letter of interest for commercial wind energy in response to the Bureau of Ocean Energy Management ("BOEM") Call for Information and Nominations – Commercial Leasing for Wind Power Development on the Outer Continental Shelf Offshore Oregon, [Docket No. BOEM-2022-0009].

OW would like to commend BOEM on its efforts to involve all stakeholders during the different planning stages of the offshore wind leasing process. We encourage BOEM to continue this critically important stakeholder engagement, in particular, through the BOEM Oregon Intergovernmental Renewable Energy Task Force.

OW is a global joint venture of EDP Renewables ("EDPR") and ENGIE with operations and projects in Europe, North and South America and in Asia. OW acts as the exclusive investment vehicle of EDPR and ENGIE in order to capture marine wind energy opportunities around the world, both fixed bottom and floating, and is emerging as a leading offshore wind global developer and operator. [REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

OW's objective in Oregon is the installation and operation of offshore wind energy projects within the BOEM nominated call areas. Specifically, OW aims to deliver cost-effective renewable energy to the local grid, bring economic development to the region, mitigate impacts the environment and community, as well as increasing understanding and acceptance of offshore wind energy.

OW would like to officially declare its interest in developing offshore wind resources in the areas listed in Table 1 & 2, which can be found in the Appendix. More detail can be found in Section 2. OW anticipates following BOEM's development timeline and has already initiated desktop assessments to characterize the site conditions. Through these efforts and early engagement with key stakeholders, we anticipate further refining our proposed areas of interest.

2. Nominations for a Commercial Wind Energy Lease

OW would like to express interest in developing offshore wind resources in the areas listed in Table 1 and 2, which can be found in the appendix. It should be noted that OW is still in the very early stages of its site characterization efforts in Oregon and thus anticipates further refinement as it continues its assessment and begins early engagement with stakeholders.

Figure 1 is a visual representation of OW's area of interest for offshore wind development. OW has also included an electronic format for the areas of interest enclosed in this submission as requested by BOEM.
