

We Want to Hear From You: How to Comment

BOEM is initiating scoping for the Revolution Wind Environmental Impact Statement (EIS) and is asking all stakeholders to submit comments on the scope of the EIS analysis, including potential alternatives and mitigation measures. Providing your local expertise and perspective will help produce a more complete environmental analysis of the proposed project resulting in a more informed decision by BOEM.

What is BOEM looking for comments on?

- Potential effects that the proposed action could have on biological resources, physical resources, socioeconomic and cultural resources
- Other reasonable alternatives to the proposed action that BOEM should consider, including additional or alternative avoidance, minimization, and mitigation measures.
- Identification of historic properties, potential effects to historic properties, and measures to avoid, minimize, or mitigate adverse effects on historic properties.

When are comments due?

Comments must be received or postmarked no later than

JUNE 1, 2021

How can I submit my comments?

During the virtual scoping meetings

May 13, 18 & 20

through testimony during the listening session

In writing to:

Revolution Wind Draft EIS

Program Manager, Office of Renewable Energy

Bureau of Ocean Energy Management

45600 Woodland Road

Sterling, Virginia 20166

Online at [regulations.gov](https://www.regulations.gov)

search for Docket No. BOEM-2021-0029

Click on the “Comment Now!” button to the right of the document link.

Enter your information and comment, then click “Submit.”

What will BOEM do with the comments it receives?

When the public scoping period is finished, BOEM will review all comments received and compile a scoping report. The scoping report will summarize the range of viewpoints and concerns raised by the comments during the scoping period. The scoping report will help inform the development of potential alternatives and the analyses to be conducted in the EIS.
