

final SF-269 must be verified from the grantee's records on how the value was derived.

C. Federal Cash Transaction Reports are due every calendar quarter to the Division of Payment Management (DPM), Payment Management Branch. Please refer to the DPM Web site (<http://www.dpm.psc.gov/>) for additional guidance. Failure to submit timely reports may cause a disruption in timely payments to your organization.

Telecommunication for the hearing impaired is available at: TTY (301) 443-6394.

#### VII. IHS Agency Contact(s)

1. Questions on the programmatic issues may be directed to: Anna Old Elk, Program Analyst, Office of Tribal Self-Governance, *Telephone No.:* (301) 443-7821, *Fax No.:* (301) 443-1050, *E-mail:* [anna.oldelk@ihs.gov](mailto:anna.oldelk@ihs.gov).

2. Questions on grants management and fiscal matters may be directed to: Kimberly M. Pendleton, Grants Management Officer, Division of Grants Operations, *Telephone No.:* (301) 443-5204, *Fax No.:* (301) 443-9602, *E-mail:* [kimberly.pendleton@ihs.gov](mailto:kimberly.pendleton@ihs.gov).

#### VIII. Other Information

The Public Health Service (PHS) strongly encourages all cooperative agreement and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of the facility) in which regular or routine education, library, day care, health care or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

## DEPARTMENT OF THE INTERIOR

### Minerals Management Service

#### Environmental Assessment Prepared for Proposed Cape Wind Energy Project in Nantucket Sound, MA

**AGENCY:** Minerals Management Service (MMS), Interior.

**ACTION:** Notice of the Availability of an Environmental Assessment (EA) and Draft Finding of No New Significant

Impact (FONNSI) for Public Review and Comment.

**SUMMARY:** The Minerals Management Service (MMS), in accordance with Federal regulations that implement the National Environmental Policy Act (NEPA), announces the availability for public review and comment of an EA and Draft FONNSI prepared by MMS for the Cape Wind Energy Project proposed for Nantucket Sound, Massachusetts. On January 16, 2009, the MMS announced the release of the Final Environmental Impact Statement (FEIS) for the Cape Wind Energy Project. The FEIS assessed the physical, biological, and social/human impacts of the proposed project and 13 alternatives, including a no-action alternative (i.e., the project is not built), and proposed mitigation.

The MMS has identified new information that has become available since the publication of the FEIS in January 2009 that pertains to the proposed project, the feasibility of alternatives to the proposed project, and to some of the resources that were analyzed in the FEIS. The MMS used an environmental assessment (EA) to determine whether it needs to supplement its existing analysis under the National Environmental Policy Act (NEPA). This EA, in accordance with CEQ regulations (40 CFR 1501.3(b) and 40 CFR 1502.9), examines whether the new information indicates that there have been "substantial changes in the proposed action" or "significant new circumstances or information" that either were not fully discussed or did not exist at the time the FEIS was prepared that are relevant to environmental concerns and have a bearing on the proposed action or its impacts. MMS researched and reviewed new information obtained from the scientific/technical literature, government reports and actions, intergovernmental coordination and communications, required consultations, and comments made during two comment periods offered after the FEIS was circulated to determine if any assumptions, data or analysis related to resources should be reevaluated or if the new information would alter conclusions of the FEIS. This includes new information in the January 13, 2010, MMS Documentation of Section 106 Finding of Adverse Effect (Revised) (Revised Finding), and the comments received during a comment period on this document. No new information was found that would necessitate a reanalysis of range of the alternatives or the kinds, levels or locations of the impacts by the Proposed Action upon biologic, physical,

socioeconomic or cultural resources. The analyses, potential impacts, and conclusions detailed in the FEIS remain applicable and unchanged. Therefore, MMS has determined that a supplemental EIS is not required and proposes to issue the attached FONNSI. MMS seeks public comment on the analysis, findings and conclusions in the proposed EA and Draft FONNSI.

**DATES:** The comment period for the EA/ Draft FONNSI document closes April 7, 2010.

**FOR FURTHER INFORMATION CONTACT:**

James F. Bennett, Chief, Environmental Assessment Branch, Minerals Management Service, 381 Elden Street MS-4042, Herndon, Virginia 20170.

**SUPPLEMENTARY INFORMATION:**

#### Cape Wind Energy Project Description

In November 2001, Cape Wind Associates, LLC, applied for a permit from the U.S. Army Corps of Engineers (USACE) under the Rivers and Harbors Act of 1899 to construct an offshore wind power facility on Horseshoe Shoal in Nantucket Sound, Massachusetts. Following the adoption of the Energy Policy Act of 2005 (EPA) and its associated amendments to the Outer Continental Shelf Lands Act (OCSLA), the Department of the Interior was given statutory authority to issue leases, easements, or rights-of-way for renewable energy projects on the Outer Continental Shelf (OCS). Accordingly, Cape Wind Associates, LLC, submitted an application to MMS in 2005 to construct, operate, and eventually decommission an offshore wind power facility on Horseshoe Shoal in Nantucket Sound, Massachusetts. The project calls for 130, 3.6± megawatt (MW) wind turbine generators, each with a maximum blade height of 440 feet, to be arranged in a grid pattern in 25 square miles of Nantucket Sound, offshore of Cape Cod, Martha's Vineyard, and Nantucket Island. With a maximum electric output of 468 megawatts and an average anticipated output of 182 megawatts, the facility is projected to generate up to three-quarters of the Cape and Islands' electricity needs. Each of the 130 wind turbine generators would generate electricity independently. Solid dielectric submarine inner-array cables (33 kilovolt) from each wind turbine generator would interconnect within the array and terminate on an electrical service platform, which would serve as the common interconnection point for all of the wind turbines. The proposed submarine transmission cable system (115 kilovolt) from the electric service platform to the landfall location in

Yarmouth is approximately 12.5 miles in length (7.6 miles of which falls within Massachusetts' territorial waters).

Nantucket Sound is a roughly triangular body of water generally bound by Cape Cod, Martha's Vineyard, and Nantucket Island. Open bodies of water include Vineyard Sound to the West and the Atlantic Ocean to the East and the South. Nantucket Sound encompasses between 500–600 square miles of ocean, most of which lies in Federal waters. The Cape Wind Energy Project would be located completely on the OCS in Federal waters, aside from transmission cables running through Massachusetts waters ashore. For reference, the northernmost turbines would be approximately 5.2 miles (8.4 km) from Point Gammon on the mainland; the southernmost turbines would be approximately 11 miles (17.7 km) from Nantucket Island (Great Point); and the westernmost turbines would be approximately 5.5 miles (8.9 km) from the island of Martha's Vineyard (Cape Poge).

**Public Comment Procedures:** The EA can be accessed online at: <http://www.mms.gov/offshore/RenewableEnergy/CapeWind.htm>. Comments on the EA and FONNSI should be mailed or hand carried to the Minerals Management Service, Attention: James F. Bennett, 381 Elden Street, Mail Stop 4042, Herndon, Virginia 20170-4817. Envelopes or packages should be marked "Cape Wind Energy Project Environmental Assessment Document." The MMS will also accept comments submitted electronically through the Web page at Federal eRulemaking Portal: <http://www.regulations.gov>. In the entry titled "Enter Keyword or ID," enter docket ID MMS-2010-OMM-0006, then click "Search." Under the tab "View By Docket Folder" you can submit public comments for this EA. The MMS will post all comments.

**Public Comment Procedures:** Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: March 3, 2010.

## DEPARTMENT OF THE INTERIOR

### Fish and Wildlife Service

**[FWS-R8-FHC-2010-N041; 81331-1334-8TWG-W4]**

#### Trinity Adaptive Management Working Group

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of meeting.

**SUMMARY:** The Trinity Adaptive Management Working Group (TAMWG) affords stakeholders the opportunity to give policy, management, and technical input concerning Trinity River (California) restoration efforts to the Trinity Management Council (TMC). The TMC interprets and recommends policy, coordinates and reviews management actions, and provides organizational budget oversight. This notice announces a TAMWG meeting, which is open to the public.

**DATES:** TAMWG will meet from 9 a.m. to 5 p.m. on Wednesday, March 24, 2010.

**ADDRESSES:** The meeting will be held at the Trinity County Library, 211 Main St., Weaverville, CA 96093.

**FOR FURTHER INFORMATION CONTACT:**

*Meeting information:* Randy A. Brown, TAMWG Designated Federal Officer, U.S. Fish and Wildlife Service, 1655 Heindon Road, Arcata, CA 95521; *telephone:* (707) 822-7201. *Trinity River Restoration Program (TRRP) information:* Jennifer Faler, Acting Executive Director, Trinity River Restoration Program, P.O. Box 1300, 1313 South Main Street, Weaverville, CA 96093; *telephone:* (530) 623-1800; *e-mail:* [mhamman@mp.usbr.gov](mailto:mhamman@mp.usbr.gov).

**SUPPLEMENTARY INFORMATION:** Under section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App.), this notice announces a meeting of the TAMWG. The meeting will include discussion of the following topics:

- 2010 flow schedule;
- TRRP budget;
- Integrated Habitat Assessment;
- Outmigrant monitoring;
- Channel rehabilitation program;
- Hatchery operations review;
- Executive director's review;
- Executive director's report;

- TAMWG recommendations and status of previous recommendations; and
- Annual election of TAMWG officers.

Completion of the agenda is dependent on the amount of time each item takes. The meeting could end early if the agenda has been completed.

Dated: March 2, 2010.

## INTERNATIONAL TRADE COMMISSION

**[Investigation Nos. 701-TA-474 and 731-TA-1176 (Preliminary)]**

### Drill Pipe and Drill Collars from China

#### Determinations

On the basis of the record<sup>1</sup> developed in the subject investigations, the United States International Trade Commission (Commission) determines, pursuant to sections 703(a) and 733(a) of the Tariff Act of 1930 (19 U.S.C. 1671b(a) and 1673b(a)) (the Act), that there is a reasonable indication that an industry in the United States is threatened with material injury by reason of imports from China of drill pipe and drill collars, provided for in subheadings 7304.22.00, 7304.23.30, 7304.23.60, and 8431.43.80 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (LTFV) and subsidized by the Government of China.<sup>2</sup>

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules, upon notice from the Department of Commerce (Commerce) of affirmative preliminary determinations in the investigations under sections 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under sections 705(a) or 735(a) of the

<sup>1</sup> The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

<sup>2</sup> Chairman Shara L. Aranoff, Vice Chairman Daniel R. Pearson, and Commissioner Deanna Tanner Okun dissenting.
