

Y-0871 No. 1 - Shell Corona Prospect

Operations Summary

Footage Drilled

<u>Date</u>	<u>Total Depth</u>	<u>Past 24 Hrs</u>	<u>Present Operation</u>
7/26/86	0	0	Heading toward Corona drillsite from winter storage area. Ice coverage 9/10.
7/27/86	0	0	Arrive on location, setting anchors, proceed with cleaning glory hole.
7/28/86	386	0	Cleaning glory hole, setting anchors.
7/29/86	702	316	Setting anchors, held diverter drill.
7/30/86	1075	498	Drilling ahead.
7/31/86	1200	125	Ran 20" casing (884') and cemented, pulling anchors

due to ice, standing by,  
breakers working large  
floes.

8/1/86	1200	0	Pulling anchors due to ice, standing by, off location, 4/10 ice coverage.
8/2/86	1200	0	Move back on location, setting anchors, test BOPS, 3/10 coverage.
8/3/86	2700	1500	Perform leak-off test, drilling ahead.
8/4/86	2700	0	Ran 13 3/8" casing (2655') cemented, tested BOPS.
8/5/86	4250	1550	Perform leak-off test, drilling ahead.
8/6/86	4500	250	Drilling ahead, ice alert-4.
8/7/86	5175	675	Drilling ahead.

8/8/86	5755	580	Drilling ahead, 1/10 ice coverage.
--------	------	-----	------------------------------------

8/9/86	6929	1174	Drilling ahead, trace of ice.
--------	------	------	-------------------------------

8/10/86	7555	626	Drilling ahead, trace of ice.
---------	------	-----	-------------------------------

8/11/86	8000	445	Hung off drill pipe and moved off location due to <del>ice</del> large ice floes.
---------	------	-----	---

8/4/86	2700	0	Ran 13 3/8" casing (2655) and cemented tested BOPS.
--------	------	---	---

8/5/86	4250	1550	Perform leak-off test, drilling ahead.
--------	------	------	--

8/6/86	4500	250	Drilling ahead, ice alert-4.
--------	------	-----	------------------------------

8/7/86	5175	675	Drilling ahead.
--------	------	-----	-----------------

8/8/86	5755	580	Drilling ahead, 1/10 ice coverage.
--------	------	-----	------------------------------------

8/9/86	6929	1174	Drilling ahead, trace of ice.
8/10/86	7555	626	Drilling ahead, trace of ice.
8/11/86	8000	445	Hung off drill pipe and moved off location due to ice, large ice flow.
8/12/86	8000	0	Waiting on ice, four ships working ice floe, test BOP.
8/13/86	8000	0	Back on location, logging trace of ice.
8/14/86	8000	0	Logging, side wall coring, trace of ice.
8/15/86	8000	0	Logging, side wall coring, trace of ice.
8/16/86	8000	0	Logging.
8/17/86	8000	0	Logging.

9/4/86	8766	194	Drilling ahead.
9/5/86	8988	222	Drilling ahead, 1/10 ice coverage.
9/6/86	9164	176	Drilling ahead.
9/7/86	9575	411	Drilling ahead.
9/8/86	9757	182	Drilling ahead.
9/9/86	10000	243	Drilling ahead.
9/10/86	10000	0	Raising mud weight. <u>Whale migration offi-</u> <u>cially began at 4:00 p.m.</u>
9/11/86	10000	0	Condition mud, pulling drill string.
9/12/86	10000	0	Condition hole.
9/13/86	10000	0	Test BOP.
9/14/86	10000	0	Logging.
9/15/86	10000	0	Logging.

9/16/86	10000	0	Logging.
9/17/86	10000	0	Logging, side wall coring.
9/18/86	10000	0	Plug and abandon well.
9/19/86	10000	0	Release rig at 4:41 p.m. 9/18/86.
